| Ontario Cup #4 | March 3-4 | Both |
| Ontario Midget Champs- note 1 | March 10-11 | Both |
| Canadian Nationals – note 2 | March 19-20 | Both |

Note 1. Midgets only

Note 2 Juvenile and above

Scoring is done by taking the fastest SOD skier in each category and awarding them 100 points. The remaining SOD skiers will be awarded points based on the percentage of the winners speed that they achieve. Note that the sprint event at the Ontario Cup will not be scored on qualifying time alone. The fastest qualifying time will represent 100 points and the last qualifying time will yield a percentage of that time (Iq). Each position in the final will be worth $(100-Iq)/\#$ of qualifiers.. If that percentage is say, 5% then the second place finisher gets 95 points, the third 90 and so on.

Each skier will get to count their best 2 classic plus their best 3 free technique races.

If a race is cancelled the counting races will be reduced by one.

If two races are cancelled it will be reduced by 2.
